THOMAS R. LITTLE,	} Selectmen of Salisbury.
ERNEST C. CURRIER,	
EDWARD N. SAWYER,	

THE FOLLOWING AGREEMENT WAS MADE
BETWEEN THE SELECTMEN OF THE TOWN
AND THOMAS H. WHITAKER.

This memorandum of agreement made this 29th day of July, A. D., 1895, between the town of Salisbury by its Selectmen and Thomas H. Whitaker, of said Salisbury.

Witnesseth ; That, whereas said Whitaker has filed a petition for a highway, in said Salisbury, across the Blackwater river and said Selectmen have declined to lay out said highway and said Whitaker has the right of appeal from said decision and both parties are desirous of saving the expenses incidental to an appeal which might be more than the expense of said highway. It is therefore agreed that in consideration that said Whitaker and the petitioners for said highway will take no appeal from said decision of said Selectmen not to lay out said highway, said Selectmen in behalf of said town agree to pay the sum of seventy-five dollars toward the construction of a bridge across said Blackwater river where desired by said Whitaker and said petitioners, and to furnish plank for said bridge. Said plank to be furnished and said money paid upon the demand of said Whitaker at the completion of said bridge which is now in process of construction under this agreement and said Whitaker in consideration aforesaid agrees to complete said highway and bridge without further expense to said

town. It is further understood and agreed that the payment made by said town as aforesaid is in the nature of a compromise settlement to save expense and is not intended to be an admission by said town that there is a public necessity for said highway or to be construed in any way as a laying out of a public highway. In witness whereof the parties hereto have here unto set their hands and seals the day and date first above written.

School Report.

TO THE CITIZENS OF SALISBURY :

In presenting our annual report we would say in the first place that it has been our desire to discharge our duty impartially and for the best interest of the pupils. The board has noticed with sincere regret the lack of sympathy which exists in some of the schools between the parents and teacher. This should not be. Nothing is gained by ridicule or criticism. A person of small mental calibre can ridicule and a fool can criticise. The most rigid examinations fail to bring out or show that a teacher has the proper ideas of good government, which is essential to the proper welfare of the school. The limited amount of our appropriations prevent us from always procuring the best teachers and when mistakes of this kind do occur the only thing to be done is to make the best of it and not make matters worse by holding up the teachers to ridicule and blame, especially in the presence of children. The board would also impress upon parents the great benefit that must accrue to both teacher and scholar by visiting the schools and showing an interest in the welfare of the children. It aids in the proper discipline of the school. It will prove an incentive to the teacher. Nothing is so discouraging as a careless indifference in all branches of trade and commerce. You know where your money goes and demand a fair equivalent in return. Why not exercise the same good judgment in school affairs? Find out by personal observation what is going on in

the school and how the business is conducted which is so important to the future welfare of your boy or girl. Supplement at home the work of the teacher. A word of encouragement from father or mother will smooth over many hard places in school life and show to the children you are interested in the work and willing to help, remembering that to your children that these are golden opportunities which should be appreciated by you for their advantage. In conclusion we wish you to remember that the school board is not infalible and when they do make a mistake it is your duty to bridge it over the best you can for the welfare of your children. It is impossible for the board to procure teachers to please every body, therefore do not criticise the teachers too much in the presence of your children.
